CzechInvest Worldwide

Priority Sectors

Value Added Instruments

- **Sector supplier database:** containing around **3,500 up to date records of Czech companies**. You can search by sector, technology, products, region and by full text. The databases enable fast and easy searching for suitable suppliers and partners in the Czech Republic. (<http://suppliers.czechinvest.org>)
- **CzechLink:** a database of targets actively searching for a strategic investor – a marketing **platform for M&A**. All participants are based in the Czech Republic, have a minimum of 5 year history and need to be financially sound.
- **Business property services:** we maintain an up-to-date comprehensive **in-house database of commercial and business sites and properties** and provide consulting on the Czech business property market. Our database currently covers more than 1,400 business properties (greenfields, brownfields, industrial parks and offices).
